Engage with the bright colors and bold images that characterize the works of artist Marion Coffey exhibited in the Hyde Gallery, then create a colorful painting in her style.

WEDNESDAY, JUNE 15 | 10:00–11:30 A DOG'S DAY IN WISCONSIN ART

Pets have been portrayed in art for centuries as companions and work animals, and of course they make us smile. Take a sneak peek at some of the pets depicted in MOWA's permanent collection and learn about the role of therapy animals with a visit from a special therapy dog.

WEDNESDAY, JULY 20 | 10:00–11:30 PUPPET FUN!

Puppetry is an ancient form of theater that uses objects to tell a story. Which character might you be? Make a simple puppet with MOWA's Curatorial Engagement Fellow Anwar Floyd-Pruitt as he shares his love of the art of puppetry.
